Glennara Irish Setters

I bought my first Irish Setter in 1971 from the then well known Marrona kennel. I just wanted a family pet but her breeder insisted I have a go at showing her, so I entered her at a local Limited show and she won 4 classes! Needless to say that hooked me on this very absorbing dog showing hobby. 56 years later and I have I think, achieved some modest success for my small Glennara kennel as I have owned 7 Show Champions 5 of which I bred plus many CC and JW winners. I have enjoyed showing and breeding this gorgeous breed and am really looking forward to judging your show again (I have judged for you once before way back in the 1980s) and thought then what beautiful quality dogs you had in Sweden.
